

## How to Enroll with Nationwide Pet Insurance

Palo Alto Networks also offers discounted group pet insurance policies through Nationwide, with discounts up to 15%. You can insure one pet, three pets, or 12 pets – it's entirely up to you.

We don't house Nationwide Pet Insurance on Workday, but if you're interested in enrolling during Open Enrollment (OE), as a new hire, or due to a qualifying life event (marriage, birth/adoption, etc.), please follow the instructions below.

Note: All monthly premiums for this plan will be paid by you to Nationwide directly.

1. Navigate to the [Nationwide Enrollment Site](#)
2. Enter your pet(s) information
3. Click on "Get Started"
4. That's it! You're all done.
